The ordinance **does not** apply to employees who are represented by a bargaining unit or labor union, are students below the age of 18 or students and/or persons in positions that are designated for “trainees” or are otherwise part of an employer’s training program. For this specific contract, the minimum compensation to employees shall be:

1. If benefits are provided, a wage of no less than **\$13.72** per hour.
2. If benefits are not provided, a wage of no less than **\$14.98** per hour.

The living wage rates are evaluated and may be adjusted annually. The current rates are effective through June 30, 2015.

Benefits are defined as follows:

1. A combined ten (10) days compensated sick and/or vacation leave annually for full-time employees, and prorated leave for employees working less than full time
2. A combined ten (10) days uncompensated sick and/or vacation leave annually for full-time employees, and prorated leave for employees working less than full time.
