

THINGS YOUR CHILDREN SHOULD KNOW

1. I KNOW my full name, home address and home phone number, and who it is safe to tell them to tell them to.
2. I KNOW what an emergency is and how to dial 9-1-1.
3. I KNOW that using the "buddy system" is the safest situation where I am not alone.
4. I KNOW which adults I can trust when I need help, and where I can find them (even in public places).
5. I KNOW that a person should never touch me or ask me touch to touch them in areas that a bathing suit covers.
6. I KNOW to stay away from anyone who offers me money, gifts, candy or asks me to get into or come close to their vehicle.
7. I KNOW to scream, yell kick, scratch and run the other way, if someone tries to grab or follow me.
8. I KNOW to never tell anyone on the phone that I am alone, and to never answer the door when I am home alone or if an adult is unavailable.
9. I KNOW that adults should ask other adults for help, and I should never agree to help them without getting my parent's permission.
