

ARTICLE FOUR - Motor Vehicle Operations

4.1 General Regulations. (WMC Sec 7-18.400)

- A. Generally vehicular traffic, with the exception of aeronautical commercial lessees, Aviation Storage permit holders and their guests, approved vendors/service providers and emergency vehicles, are prohibited unless authorized by the Airport Manager. Vehicular traffic must be kept to a minimum.
- B. Posted motor vehicle speed limit is 15 MPH for all areas of the Airport.
- C. Motor vehicle operators involved in an accident upon Airport property, resulting in personal injury or property damage must make a full report to the Airport immediately after the accident (See **Exhibit "I" and "J"**).
- D. Right of way shall be given to aircraft, fueling vehicles and emergency response equipment. When emergency conditions exist, vehicles shall maintain a safe distance from the emergency area.
- E. Aviation Storage Unit (Hangar, Middle/End Room, Tie-Down) permit holders and Commercial Aeronautical lessees must display Airport Security Decals as noted in their lease or issued permit. Permittees maybe obtain additional or replacement Decals from the Airport Office.

4.2 Vehicles Operating on Airport. (WMC Sec 7-18.403)

- A. All passenger vehicles operating on the Airport must be properly registered and carry minimum automobile liability and property damage.
- B. No person shall drive a vehicle within the Field Area in such a manner as to cause damage, distraction, create an obstruction to aircraft, pedestrian traffic or authorized vehicles or park in front of, or upon **"No Parking"** signage. (**WMC Sec 7-18.401**)
- C. Vehicle/Pedestrian Deviations (V/PDs) at runways/taxiways are prohibited.

4.3 Restricted Conveyances.

- A. Skateboards, "Razor" scooters, hover-boards, go-carts and similar devices are prohibited within the Field Area. Golf carts, with appropriate Airport Safety Flag (Orange and White, per AC 150/5210-5D) are permitted.
- B. No person shall ride or park bicycles, golf carts, motorbikes, motorcycles or other similar equipment within the Field Area in such a manner as to cause damage, distraction, create an obstruction to aircraft, pedestrian traffic or authorized vehicles or in front of, or upon **"No Parking"** signage.
- C. Parking of secured bicycles, golf carts, and motorcycles are permitted within the person's assigned tie-down area when using for transportation within the Field Area. All of the above shall have reflective devices and all operators shall follow State of California applicable vehicular laws.
