GENERAL REQUIREMENTS

- **State law requires recycling of at least 65% of all waste from construction projects.**
- All garbage from job site including demolition, new construction, remodels, offices, meeting rooms, and other on-site activities are subject to this mandate.
- Permit Applicant must ensure that all Sub-contractors sign the CWMP Acknowledgment Sheet (see Page 3).
- Permit Applicant must save, comply and submit all weight receipts to the Community Development Department at the end of the project. (See Page 4.)
- Permit Applicant may be subject to extra fees and/or delay in issuance of Final Occupancy Permit if not in compliance.

1. The project's overall rate of waste diversion will be _____ %. (**Minimum of 65%** required after Jan. 1, 2017)

2. **You are required to use City services for garbage. You may use other companies for recyclables.**

THIS PROJECT WILL USE THE FOLLOWING FACILITIES:

GARBAGE: Must use City of Watsonville garbage services.

Demolition waste - name of Company _____

Recyclables - City of Watsonville or Name of Company _____

Recyclables - City of Watsonville or Name of Company _____

Reusables - Name of Company _____

Reusables - Name of Company _____

3. If the Contractor, and/or Sub-contractors self-haul their recyclable or reusable material as part of their scope of work, the Permit Applicant will NOT be exempt from compliance with the CWMP. The Permit Applicant is still responsible for tracking, compiling and reporting quantities and destinations of all garbage, recyclables and reusables to the City's Community Development Department at the end of the project.

4. The Permit Applicant has designated _____ as the **CWMP Contact** to compile weight receipts for all garbage, recyclables and reusables in order to track all materials and calculate final diversion rate. City of Watsonville Solid Waste Division will upon request provide weight data.

I have read and understand the above requirements. I understand that as the Permit Applicant I am responsible for meeting the 65% recycling rate and other requirements of this CWMP. I understand that it is my responsibility to communicate the requirements to my entire project team. I also understand that if my City containers are contaminated (for example - the recycle container contains garbage), I am subject to paying additional fees.

Permit Applicant Signature _____ Please print name _____ Date _____

ASSISTANCE AVAILABLE

- ❖ For assistance with this form, contact the Community Development Department at 768-3050.
- ❖ To order City of Watsonville garbage and recycling services, call the City's Solid Waste Division at 768-3133 and ask for a Solid Waste Supervisor. After you establish a Solid Waste account, the City will deliver containers for garbage and recyclables (lumber, concrete, asphalt, metal, cardboard, plastic, clean wood, ADC) to the jobsite.

Construction Waste Management Plan

(CWMP)

USE THIS WORKSHEET TO PLAN FOR REQUIRED 65% DIVERSION

Project Address
